RONSON

THE HERITAGE OF AN ICON

1896

Louis V. Aronson founds The Art Metal Works in Newark, New Jersey, USA.

1913

Ronson introduces one of the first automatic pocket lighters.

1926

Patent is filed for the Banjo mechanism, revolutionizing the one-hand lighter.

1927

The Banjo becomes a worldwide success with the iconic slogan:
"A flip – and it's lit!"
"Release – and it's out!"

1930

International expansion begins with the opening of operations in the United Kingdom.

1953 *A LIGHTER FOR 007*

In Casino Royale, Ian Fleming's first James Bond novel, Bond carries an oxidised Ronson lighter — placing Ronson within the world of one of literature's most iconic characters.

1957

The Varaflame is launched – a breakthrough in butane gas lighters with adjustable flame and modern design.

2026

130th Anniversary Edition, celebrating 130 years of heritage, innovation and craftsmanship.

RONSON

JET NOSTALGIA
130th ANNIVERSARY

GOLD EDITION

Genuine Gold Electroplated Finish
Limited to 1,000 Individually Numbered Pieces

130 YEARS OF RONSON

A Legacy Reimagined in Gold

To celebrate **130 years of Ronson**, we proudly introduce an exceptional anniversary edition of one of the brand's most distinctive designs — the **Ronson Nostalgia 130th Anniversary Edition.**

The Ronson Nostalgia pays tribute to Ronson's earliest lighter designs, dating back to 1913, and carries the distinctive character of the brand's iconic automatic lighters of the 1920s. For our 130th anniversary, this timeless design has been reimagined with an exclusive **genuine gold electroplated finish.**

Limited to only **1,000 individually numbered pieces worldwide**, each lighter becomes a unique part of Ronson's history.

Presented in an exclusive anniversary gift box together with a commemorative **130th Anniversary metal tag**, finished using the same **genuine gold electroplating process as the lighter**, this edition was created not simply as a lighter, but as a collectible celebrating more than a century of craftsmanship, innovation and timeless design.

- ***Limited Edition · 1,000 Pieces***
- ***Individually Numbered***
- ***Genuine Gold Electroplating***

Disposable Cigarette Filters

Filters are used to limit absorption
all harmful substances released from tobacco combustion into the body.
They remove up to 76% of harmful substances while maintaining the aroma of the cigarette.
One filter can be used until the blue color completely disappears, i.e. from 5 to 10 cigarettes.
